# Introducing < WorldCare

1

WorldCare is one of the most comprehensive, benefit-rich products in the international health insurance market today. There are four levels available: Essential, Advance, Excel and Apex. This means you can select the level of cover you prefer to suit your lifestyle, from basic medical treatment, to a more comprehensive package.

WorldCare

### WorldCare Essential

is the most affordable package for people who want to be sure they can access in-patient and day-patient hospital care when they need it, while minimising their health insurance costs.

### WorldCare Advance

covers you for all-round medical care for in-patient, day-patient treatment and out-patient care including GP and specialist appointments, physiotherapy and alternative therapies.

### WorldCare Excel

covers you at higher benefit levels than Advance for in-patient, day-patient and out-patient treatment and includes routine and complex dental care.

### WorldCare Apex

is the highest level of cover. With very high benefit limits, it includes in-patient, day-patient, out-patient, routine and complex dental treatment, and routine maternity care.

You can shape the cover you want by adding the following options providing a more comprehensive package for your employees. See how you can take advantage of your WorldCare plan today!

- We also have a range of annual **In and Day-Patient Deductibles** to suit your lifestyle. Deductibles give you greater flexibility to tailor your plan to your needs – from a high deductible to reduce your premium, to a low or nil deductible if you expect to use your plan frequently.
- If you choose an optional Deductible, on WorldCare Advance, WorldCare Excel or WorldCare Apex, you must also select a Co-Insurance Out-Patient Treatment option or an Out-Patient Per Visit Excess option. On WorldCare Essential if you choose an optional Deductible and an Out-Patient Charges option, you must also select a Co-Insurance Out-Patient Treatment option.
- You can have an Out-Patient Per Visit Excess of either USD 25/EUR 20/GBP 15 or USD 15/ EUR 12/GBP 10 per visit to an out-patient medical practitioner
- Choose the Co-Insurance Out-Patient Treatment option – pay either 10% or 20% of your out-patient treatment. There is a premium discount associated with this option based on the co-insurance you have selected.

• Select Extended Evacuation and Repatriation and select USA Elective Treatment to give you greater peace of mind if you need to travel abroad.
